

Our promise...
Is to provide a pleasant, productive, safe & hassle-free refurbishment and maintenance experience - every time.

ACM Capability Statement

Who we are

Applied Coatings Specialist (trading as Applied Coatings and Maintenance [ACM]) has decades of experience in providing high quality maintenance, coatings and renovation solutions for government, industrial, commercial and residential premises Australia-wide.

Our positive, professional culture, with a 'nothing is too hard' attitude, means we put our clients' needs and wellbeing at the centre of every decision we make. All of our solutions are tailored to suit budget requirements and we pride ourselves on delivering stress-free solutions safely and on time, with minimal disruption on-site.

Our mission

Our mission is to ensure excellence in all that we do.

We are committed to delivering 100% client satisfaction through high-quality, efficient and effective work delivered within budget and with absolute honesty and integrity.

Certification

CM3 certification ensures and demonstrates the importance of our health and safety capabilities to current and potential clients.

Testimonials

We believe past performance is a great indicator of future performance, so please feel free to contact us for testimonials.

ACM Capability Statement

Services

We know that there is no one-size-fits-all solution to property maintenance and building requirements. That's why we listen first, then offer you the best approach for your budget. Using the latest technology, equipment and highly trained staff, ACM offers a comprehensive range of refurbishment, maintenance and renovation services.

Commercial/Industrial Division

ACM is well equipped to assist with your next commercial or industrial project, with a proven track record working on projects in schools, child care facilities, and factories. Whether it's asbestos removal, painting, floor coatings or electrical work, we have the resources to offer a quick turnaround, low cost but high quality outcome.

Residential Division

ACM has a strong reputation for offering high quality, cost effective renovations, refurbishments and maintenance of residential properties (standalone residences, high-rise apartment buildings and aged care facilities). Our qualified tradespeople are knowledgeable in the latest methods, materials and safety protocols and always deliver projects on time and with minimum disruption.

ACM Capability Statement

ACM are experts in the small-mid size renovation, extension and refurbishment projects including rectification, insurance work, and fire and flood repair. We have structured the business to have low overheads in order to offer our clients competitive costing and have designed our procedures to deliver multiple projects simultaneously - which offers our clients a quick turnaround.

ACM is now a CSR registered company, with a very high standard of OH&S, quality, and service.

A summary of our services includes:

- Full refurbishments and renovations
- Extension and restoration
- Bathroom and kitchen replacement
- General upgrades
- Flood and fire restoration
- Painting and coating
- Maintenance programs
- Flooring
- Cleaning services
- Plumbing
- Electrical
- Plastering
